

Starter Package SAP License Optimization

Why License Optimization:

- Are you due for an SAP audit?
- Do you have on-premise SAP systems?
- Do you have a complex system landscape with multiple SAP products?
- Do you need an overview of your SAP licenses?

How our license service can benefit you:

- Save money by being proactive!
- Identify unused software potential!
- Reduce resources with the know-how of our experts!
- Prepare for the SAP audit!

abat is one of the leading SAP service providers for the automotive and manufacturing industries in Germany. With our license service, we provide you with a clear overview of the user licenses and SAP engines in use. This improves your position in contract negotiations with SAP.

Here is how we do it:

- Purge unused SAP Users
- Classify remaining users
- Measuring your system landscape including the engines in use
- Consolidation of the results
- Evaluation of the results and derivation of implementation steps by the abat network of experts

We deliver these results:

- Overview of your license portfolio-including user counts and engine usage
- Prepared measurement results for your SAP audit
- Joint review of results and assistance in deriving further actions
